BOARD OF DIRECTORS

Chair Steve Petty summarized the 11/16/21 BOD meeting, particularly the budgets for 2022 as well as the proposed change in the by laws

SHOW AND TELL - Geoff Gruendl (a cut 8 re-ales..."2 bits"), Jim Huffman (a rare coin guide book, a high-grade Athens Owl 440-404 BC, & an Alexander the Great Macedonian tetradrachm), Steve Barnett (a 1798 U.S. silver \$1 NGC AU Details), John Rieske (a Roman coin he bought at October's auction turns out to be a rear 1-yr. type coin), & Bill Kamb (2 counter-stamped Lincoln cents he found while searching rolls) --**"Acting" Secretary Chris Palmer**

A rare circulation find

(In the 1950s and '60s every kid in America was searching pennies for the key to Book 2 - the 1955-S. I never found one and until I got this email from Bill Kamb I didn't even know anyone who had found one. - Gerry)

I just found a 1955-S penny! It's uncirculated but unfortunately it has environmental damage at the obverse rim from 6 to 8. Now I need six more to complete book #2. So far I've found 28 in book #1 and 3 Indian Head pennies? I've searched over \$1,700 worth of pennies so far and have been to over 60 different bank branches. - **Bill**

During the first two years of Covid, Bill searched through \$21,100 in nickels to complete a set of Jeffersons. He found two 1950-Ds, but just one 1943-D, the last coin he needed.
